Passaic River Boat Club Incoming.pdf

Hello again Ian, attached is the letter from the Passaic River Boat Club that I mentioned.

We responded (in May, verbally, to Harvey Morginstin) that we have no legal authority to compel the CPG to undertake this additional dredging, but that they (the boat club) should pursue talking to the CPG directly, and to NJDEP (who apparently owns the boat ramp), for possible funding options, etc.

Thanks.

Hi Chris-

I wanted to pass along the attached letter which we dropped in the mail today.

Best,

Ian
